HIC Golden Rules 3 & 6 Documentation

Zachary Beatty

Due: 10/15/26

Golden Rule 3: Offer Informative Feedback: The purpose of this page is to demonstrate Golden Rule 3 by using a simple file upload. The user is prompted to upload a file and upon doing so the page shows the upload progress clearly. Once the upload is complete, a green box and a success message pops up to inform the user of the result. This explicitly demonstrates Rule 3 as accurate and updated information is being given to the user regarding their action.

Golden Rule 6: Permit Easy Reversal of Actions: The purpose of this page is to demonstrate Golden Rule 6 by giving the user an interactive task list to play with. The user can add tasks and delete them. When deleting a task an undo button will appear near the bottom of the screen for a few seconds, allowing the user to undo their deletion for a set amount of time. This demonstrates Rule 6 by allowing the user to easily recover from mistakes.
